

## COMPANY PROFILE

### info-net ACADEMY OF COMPUTER AND EDUCATION

#### Introduction

Incorporated on 19 March, 2002, "**info-net ACADEMY OF COMPUTER AND EDUCATION**" is the parent company of the group. It is an established and recognized computer institute providing all types of computer education courses and university courses. Company aim at providing quality education at very economical rates to students of all streams including higher classes & professional courses. Caste, color or age is no barrier for learning computers at **info-net** because we work with a motto **COMPUTER FOR EVERYONE**.

The academy had a placement wing from the very first day and efforts were always on to help and guide students regarding training and placements in and around the city, the outcome of which had been regular placements of the students in reputed companies. Finally 15 August 2004, a separate placement section "**info-net CONSULTANCY SERVICES**" was formed with a theme of **JOBS FOR EVERYONE**.

3 years later, on 01 April 2007 another venture of the group, "**info-net SOFTWARE SOLUTIONS**" came into existence to cater to the needs of students from B.Tech., MCA etc. providing them with project and summer trainings on advanced technologies and products. The company also provides Software Consultancy to its industrial and corporate clients in the fields of Software Development and Web Development. The company is now registered under companies act of India with ROC Delhi and is renamed to "**EDC info-net SOFTWARE SOLUTIONS PRIVATE LIMITED**".

The group has a registered office at Karnal, Haryana, INDIA, and planning to open various franchisee centers' across the country in near future with major concentration on northern region of the country initially.

#### Services

The group provide all its candidates and customers with quality consultancy services in fields listed below through its multiple companies network.

- Job Placements Services
- Software Development
- Web Development
- Hardware Consultancy
- Education Helpline

The **Job Placement** section is a direct service offered by the placement section. A registered candidate gets its services for next six months. Market surveys for listing new openings are performed on regular basis. Fresh interviews in multiple categories are scheduled daily and best efforts are made to provide maximum placement opportunities to all candidates.

The Web Development and Software Development are looked after by the development section. It works as an independent software development and consultancy company and provides requirement based solutions to clients. The projects related to automation are also outsourced to, our technology partner "**RBH Solutions Pvt. Ltd.**" Patiala, for development and implementation.

The **Hardware Consultancy** and **Education Helpline** is a free of cost service offered to all students and candidates by the group companies. Anybody approaching for it gets complete information related to his / her queries.
